TRUMAN

Vegan Leather Aprons

It is always better to have a quality product that's not only look marvelous and durable but also easily maintained.

It's light, washable, anti-bacterial, and elegant, not to mention no animal is harmed for production!

Perfect for hospitality sector, BBQ events, even for barbers and other crafting hobbies.

The image shows a close-up of a dining table setting. On the left is a light-colored ceramic plate with a dark, textured rim. To its right is a round, brown leather-like tablemat. A dark blue napkin is folded on the tablemat, with a silver spoon, fork, and knife placed on it. A brown leather-like strap is wrapped around the napkin. The brand name 'ziczac' is embossed on the leather. A semi-transparent text box is overlaid on the left side of the image.

TRUMAN

Vegan Leather Tablemats

Not only just the gorgeous look, this material is hygienic and easy to maintain.

Dressing your table perfectly with a touch of nature without the risk of deteriorating quality after many usages.

SIMPLE CARE

Say goodbye to stains, cracking, color fading and waxing to keep your leather goods look as new. This high quality PU fabric only needs to be wiped with damp cloth, plus no animal is harmed in the process!

FUNCTIONAL

No fuss of tying and untying the knot. After adjusted to your body size, simply hook and unhook it to wear. And guess what, the gloves and potholders can be hooked to your apron as well, so practical.

SAFE GRIP

Avoiding those burns can't be any easier with silicone strips print on your gloves and potholders. With such excellent grip, no more things slipped out of your gloves, guaranteed.

TIVOLI

Biodegradable & Antibacterial Placemat

Environmental issue is a global responsibility. We believe that being part of creating a sustainable product is paramountly integral to building a sustainable tomorrow.

Introducing VINYLIFE™ & COPPERLIFE™

VINYLIFE™ is the first enhanced biodegradable, breathable, and phthalate free vinyl that reacts with microbes in active landfills to break down the discarded material, contributing to decomposition process.

COPPERLIFE™ is an antibacterial treatment specifically for polymers. This treatment is essential to avoid undesirable bacteria and fungi that often lead to odors and other potential loss of product quality.
